

Introduction

Our assembly this week was centered around the fascinating world of Guinness World Records and inspired our children to think about their own potential to achieve greatness. During the assembly, we had the privilege of introducing the children to the incredible accomplishments of individuals from around the world who have set remarkable records in various fields, from sports to science and beyond. We showcased videos and stories of some of these record holders, emphasising the dedication, hard work, and determination it takes to achieve such extraordinary feats. The highlight of the assembly was when we posed the question to our students: "Can

anybody complete a world record?" We encouraged them to think about their unique talents, interests, and passions and consider the possibility of setting their own world records someday. We had some very interesting responses! Our goal is to ignite their curiosity, creativity, and ambition to aim high and dream big. We believe that every child has the potential to excel in their own way and achieve greatness in their chosen endeavors. The Guinness World Records assembly served as a reminder that with effort, perseverance, and a belief in oneself, the sky's the limit for what our children can accomplish.

As we continue to work together to create a safe and welcoming environment for our students, I would like to address an important issue regarding parking outside the school and on nearby roads. Ensuring the safety of our children is our utmost priority, and it extends beyond the school premises. The way we park our vehicles before and after school can have a significant impact on the overall safety of our children and the community. Therefore, I would like to kindly remind all parents and guardians to park their vehicles safely and considerately when dropping off or picking up their children. Please avoid double parking where possible, adhere to speed limits, respect 'no parking' zones and be mindful of children crossing. During peak drop-off and pick-up times, traffic congestion is inevitable. Please be patient and allow extra time in your schedule to accommodate these busy periods.

Mrs Costello
Headteacher

Snack

A reminder that, unless advised by a dietician, children should only bring fruit into school for snack. Crisps, biscuits and other snacks are not suitable. We have many children with allergies and we have a duty to keep everybody safe.

School Council Elections

Each class from Year 1 - Year 6 is being asked to provide two children for the School Council. These can be any combination of boys and girls. We are encouraging SEND and disabled children to put themselves forward, too.

Those children who put themselves forward are invited to write a short piece about why they think they would make a good School Councillor to represent their class. They will then read out their statements to their class. There will then be an election, with the two children from each class who receive the most votes becoming their class representatives. The School Council will meet once each half-term to discuss what is good about our school, along with any improvements that the School Council would like to be considered.

Our class hustings and elections will take place on Wednesday 11th October. On Friday 13th October the results of the elections will be announced in our Celebration Assembly. The first School Council meeting will be during the school day on Wednesday 25th October.

Please consider how you might support and encourage your child to put themselves forward. If you have any questions, please speak with me (or their class teacher). *Mrs Renison (HLTA Year 1).*

Liverpool Parenting Newsletter

[Please click here to read the Liverpool Parenting Newsletter](#)

You will find new information to support Parents/ Carers, Families and children in Liverpool. Along with information regarding events and activities on offer running from September to November 2023.
